ULTRAFIT XP SERIES

Applying our experience of many years and **Nano Ceramic Technology** know-how, we came up with the new **XP Series** of paint protection film. Our PPF sets the industry bar higher with its exceptional qualities and captivating visual.

NANO CERAMIC TOP COAT

Hydrophobic
103°

Higher degree of contact angle to repel water

Less Dust
4x

4X better at repelling dust, pollen and pollutants

UV
99%

Blocks UV Rays to maintain the paint

Physical Protection

Self-Healing

Heat activated self-healing vanishes scratches and minor damages from the surface

Shock Absorbant

High impact resistance to rocks and road debris
